

SOCIAL ACCOUNTABILITY AND RESPONSIBILITY

Growing awareness from buyers all over the world regarding the persisting issue of non-ethical trade practice, have made business owner need to assure that their business to be free from that practices. For business that operate globally, non-ethical trade practice can disrupt global supply chain which leads to negative impact on business brand image, even worse loss of business.

Code of conduct and certification regarding trade practice has been developed and implemented. The Supplier Ethical Data Exchange (Sedex) has been developing audit method which is called Sedex Member Ethical Trade Audit (SMETA). This method is extensively look into aspect such as Labor Standards, Health & Safety, Business Ethic, and Environments which require the business owner to comply with the audit.

WHAT CAN WE ASSIST:

In Peterson Projects & Solutions, we can help your business to comply with SMETA from early phase to end phase. Our SMETA Consultancy Service approach is already in accordance with the SMETA Best Practice Guidance including the 2-Pillar SMETA Audit and 4-Pillar SMETA Audit.

In addition, we also provide you other global trading standards for various area of business to suit your needs. These other standards including: *Fair Trade, FairTSA, Control Union Fair Choice, URSA (Understanding Responsible Sourcing Audit), SA8000 Standard (Social Accountability International), ETI (Ethical Trading Initiative), BCI (Better Cotton Initiative), GRASP (GLOBALG.A.P Risk Assessment on Social Practice), C.A.F.E Practice, UTZ and BSCI (Business Social Compliance Initiative).*
